

Selma is a Food Desert

...and what that means

A food desert is an area where people have limited access to healthy and affordable food.

Selma being classified as a food desert ultimately means:

- There's a lack of grocery stores with fresh produce.
- There's limited access to healthy food options nearby.
- Most residents often rely on processed or unhealthy food from convenience stores/fast food.
- There are long travel distances to find affordable, nutritious food.
